

The TRUTH

School Jamz Dance Party Contest Rules

Utah Schools and their student bodies are considered the contestants in this contest. (All students attending the same school will be considered one contestant).

To participate, schools must have a faculty member representative.

Each school wishing to participate must register with U92 or 2005 Truth From Youth Anti-Tobacco Advertising Contest officials by filling out and following the directions on the official contest registration form.

To receive an official registration form, contact Scott St John at (801)412-6050 or (801)412-6054. (A registration packet will be delivered to your school faculty representative).

Whenever a student enters the 2005 Truth From Youth Anti-Tobacco Advertising Contest, they will be counted as one entry toward the total number of entries from the school they attend. Those entries will be translated into the percentage of students enrolled at that school. The 10 (ten) schools with the highest percentage of student entries will be awarded School Jamz dance parties.

The number of entries will be determined by 2005 Truth From Youth Anti-Tobacco Advertising Contest officials.

U92 School Jamz Dance Parties include a dance at the school, music for the dance provided by U92 radio station DJ's, and an appearance from a U92 on-air personality (pending availability).

This contest is restricted to schools whose main student body is 18 years and younger. Colleges, Universities, technical colleges and institutes, and other institutions of higher learning are not eligible for this contest.

A copy of these contest rules are available upon request during normal business hours at Millcreek Broadcasting, 2835 East 3300 South Salt Lake City, Utah 84109 or call (801)412-6040.
